

Information Technology

Operating successfully in today's business world requires efficient technology solutions. Swink, Fiehler & Company, P.C. recognizes that both large and small businesses are being faced with the daunting task of improving or implementing technology. Our team of technology experts within the SFC Small Business Services group can assist you in making this complex and challenging task streamlined, reliable, cost-effective and productive.

Some examples of our technology services include:

Infrastructure

- System selection
- Network and system design and implementation
- Computer environmental assessment

Project Management

- Accounting software analysis, selection and implementation
- Project management, quality assurance reviews
- Implementation reviews

Security/Risk Management

- System security assessment
- Attack and penetration assessment
- Website vulnerability assessment
- Wireless security assessment

Strategy

- Technology assessment
- E-Business review
- Business continuity planning review
- Outsourced CIO
- Operational assessment

Special Assurance Services

- Service auditor reporting (SAS 70)
- Agreed-upon procedures
- FFIEC reviews (banking)
- Internal technology audit outsourcing
- Sarbanes Oxley compliance assistance

If you are making a large network purchase, evaluating plans and practices, or making critical hiring decisions in your IT department, SFC Small Business Services can serve as an objective "solution provider." Unlike most IT consultants, we are not affiliated with specific hardware or software vendors, so the solutions we recommend are the best solutions for your business objective.

Swink, Fiehler & Company, P.C. offers tailored technology solutions that allow your business to benefit from the promise that technology can achieve, and protects you from the risks that technology presents. Our team of specialists understands the unique needs of your business and will assist you in utilizing technology strategically, securely and effectively.
